

Independent Market Intelligence

News, Prices, Analytics and Insight

In today's complex, interconnected markets, the value of relevant and timely pricing information cannot be underestimated. It drives informed trading decisions, helps shape business strategy, and it's been in our DNA since 1909.

S&P Global Platts is the leading provider of benchmark price assessments, breaking news, commentary, analytics and market data for the energy, petrochemicals, metals and agriculture markets. We help you understand the markets that affect your business, and provide data, real-time news and specialist analysis to strengthen your negotiations, manage risk and make better informed trading and investment decisions.

Products and services

Real-time News and Market Data

Providing real-time news, market commentary, live global bids, and intra-day spot price assessments, our global editorial team is on hand to give you the news as it happens. We monitor your markets and equip you with the information you need stay ahead.

Price Assessments and Fundamental Data

Our benchmark price assessments help industry participants to price their transactions competitively, and are widely recognized as the gold standard for commodity markets from energy to agriculture. With access to decades of historical data you can also conduct trend analysis and plan with confidence.

Platts Analytics

With a focus on the short to mid-term, Platts Analytics provides insights to inform your investment and trading decisions, strengthen your negotiations, and effectively model risk. We collect and organize data from thousands of sources worldwide to deliver a credible source of information, data and forecasts, supported by a range of powerful and flexible analytical tools and services.

We understand that your business can only thrive in fair and open markets, and our leading editors and analysts provide impartial information and operate using robust methodologies to ensure we're completely independent. We provide a range of powerful and flexible analytical tools and our data is fully customizable. Whether you're interested in local or global markets, our 1,000 strong team works across 180 countries, so we're well placed to help you make connections and see the big picture.

Markets never stop evolving and your needs are always changing; that's why we're passionate about providing relevant market intelligence that's right for you every day.

Market Reports

We publish 50+ market reports providing a wealth of information on pricing data, company news, M&A, and regulatory and legislative change. We bring you insightful news and analysis, to help you get beneath the headlines and understand cause and effect in your chosen market.

Maps and Geospatial

Our award-winning cartographers are continually updating and enhancing the layers of our proprietary global energy infrastructure maps. Covering multiple regions, infrastructures and commodity types, you're equipped with invaluable visualizations to help you evaluate capital investment opportunities.
